(*)Manufacturer : Regina Fashion Supply Co.,Ltd.

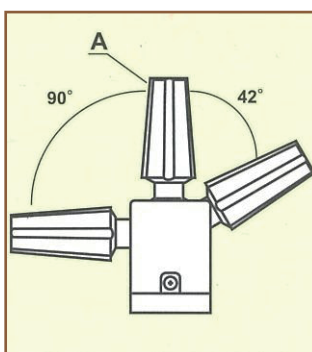

Directions for Use:

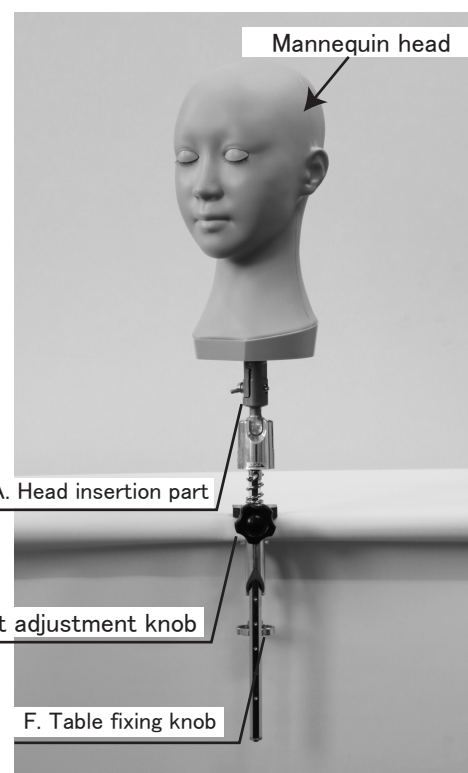

B. Sphere fixing lever
F. Table fixing knob

J. screw
K. the tip of the head insertion part

A. Head insertion part

- 1) Turn the table fixing knob(F) to fix WISE-200S to the table.
- 2) Turn the height adjustment knob(H) to lock it to your preferred height.
- 3) Place the mannequin head on the head insertion part(A).
- 4) You can fix the angle of the head insertion part by turning the sphere fixing lever.
- 5) When you turn the screw(J), the tip of the head insertion part(K) opens, making it difficult for the mannequin head to fall.

H. Height adjustment knob

F. Table fixing knob

(*) Mannequin head sold separately

Precautions for Use and Storage Instructions:

- 1) If WISE-200S gets wet, wipe it off with a towel. If you leave WISE-200S wet, there is a risk of rusting.
- 2) Be aware that if you do not secure the levers and knobs, the mannequin head and WISE-200S may fall off the table.
- 3) Lubricate the rust inhibitor on a regular basis.
- 4) This product is a device for professional makeup artists and eyelash extension practitioners. Keep out of reach of children.
